

OVERVIEW

The Town of Pelham Operating Budget is created to respond to the needs of the Community. The 2014 Budget has been prepared to ensure that each departmental request responds to the Strategic direction of the Town identified in the 2011 Strategic Plan.

The 2014 Operating Budget process began in October of 2013 and included a public open house where residents were invited to provide input into the budget process. In addition, departments have worked diligently to ensure that the 2014 proposed increase is minimized while keeping exceptional customer service levels within the community.

At the 2014 pre-budget meeting staff presented an increase projection of 1.63% resulting from expenditure increases that were previously approved by Council or dictated by third party organizations beyond the control of the Town staff and Council. Examples of the latter include Omers pension contributions and Revenue Canada increases to Canada pension plan contributions and employment insurance contributions.

To ensure that the projected increase of 1.63% was not exceeded, staff were required to maintain or reduce their core operating expenditures or offset any increase in expenditures by attainable revenue increases.

Since the pre-budget meeting in November, expenditures within each department were reviewed extensively and where possible reductions were made while ensuring that current service levels were maintained. In addition, reductions in one department assisted in offsetting previously approved expenditures in another department.

The final product of the departmental expenditure review resulted in a decrease from the original projection of 1.63% down to 1.49% for 2014. This is a net decrease of .14% from the pre-budget proposed increase. This reduces the overall tax increase for the average residential assessed property by \$1.80 from a projected \$21.80 annual increase to \$20.00.

2014 OPERATING BUDGET INCREASE

Town staff were directed to review all expenditure requests for 2014 and where feasible reduce the expenditure request or maintain at 2013 levels. This would allow the 2014 Operating Budget to absorb expenditures impacting the Town that were uncontrolled. Increases that impacted the 2014 Budget are shown in Table 2 and were minimalized by staffs commitment to ensure that the 2014 Tax levy increase is affordable for Town residents. The result is an overall increase in 2014 of 1.49%.

The 2014 net expenditure increase over 2013 is \$141,563 resulting from an increase in expenditures of \$332,457 and an overall increase in operating revenues of \$90,303. This net increase of \$242,155 is reduced annually by any growth that occurred within the tax year. In 2012 the Town's growth was 1.06% or an increase in tax revenues of \$100,592. Thus, the net overall increase is \$14,563 representing a 1.49% increase over 2013.

Table 1 below shows the net operating budget increase for 2014 after growth.

Growth in year is the result of assessments that are added to the tax base after the original tax roll has been delivered to the Town. This is the result of new construction, additions to property, or corrections to the assessment roll. The 2014 Growth Calculation is provided in section 8, page 8.1.

The increase of \$141,563 identified in Table 1 is the result of expenditure increases and/or revenue increases. The majority of expenditure increases that are proposed in the 2014 budget are increases due to previously approved operating budget items and that are a result of third party increases outside the control of Town staff.

Table 2 on below summarizes the increases presented in the 2014 budget.

2014 TAX LEVY INCREASE

As illustrated the operating budget increase is \$141,563. To calculate the increase on the average residential assessment the average residential assessment for 2014 must be determined. Assessment increases and decreases occur within the year and as result the 2014 average residential property assessed value increased by 2.21% to \$298,000.

Revenue Explanatory Notes

- (1) OMPF fundind decreases annually; result of Provincial decision.
- (2) Revenues have been adjusted to better reflect actuals.
- (3) Building Department revenues match to the 2014 expenditures.
- (4) Reduction is due to termination of Muncipal Parking shared agreement. Reduction in revenues is offset by a reduction in expenses.
- (5) Result of increase in monument foundation revenues.
- (6) Reduction is result of one time revenues in some programs/events in prior year.
- (7) Result of increase in fees in 2014 and scope of services offered in swim and youth programs.
- (8) Increase is result of expected revenues from projects ongoing where revenues will be recognized in 2014.

- (1) Increase in Building Permit Fees reflects anticipated growth in 2014 and transfer from reserve to match expenditures.
- (2) Revenues decreased to better reflect actuals.
- (3) Interest reduced as a result of lower interest expense on Town loan.
- (4) Result of termination of shared services agreement with local municipalities in parking enforcement.
- (5) Increased revenues due to anticipated development already in process where revenues will be recognized in 2014.
- (6) Reduction due to OMPF funding phase out by Provincial Governent.
